Troy Snyder was present to give the annual report for the Jefferson Volunteer Fire Company. Troy also wanted to thank the Codorus Township Road crew for helping with an emergency medical call during the blizzard. Troy stated that the fire company only receives donations from 10% of the letters that are mailed. He reported that the equipment is starting to get old and there is a shortage of volunteers. Troy would also like the board to consider instituting a burn ordinance.

Sharon Emenheiser of Coldwell Banker was present with her client Darlene Myers. Darlene has her property on the market. A new septic system is needed on this property. The well and septic are only 49 feet apart. They tried to drill a new well but, after drilling 663 ft. the walls of the well collapsed and it was determined that this well could not be used. The cost of this was \$9,000.00. Darlene is asking that the Board of Supervisors sign a waiver of the 100 ft. minimum well to drain field isolation distance. Also the new system is only designed for a 3 bedroom house. This house will be listed as a three bedroom home with office. Bob made a motion to sign the waiver, seconded by Charlie. The motion carried. Vote 3-0.

Bob talked about the bridge weight limit on Snyder Mill Rd. The weight limit is 9,000 lbs. The Penn Waste trucks can no longer cross the bridge. Bob is going to meet with Tony Crawford to see if the Township can improve the bottom of his driveway so the trash trucks have some place to turn around.

A letter written to Ken Keeny was presented to the Board. Charlie made a motion to have Lamar sign and send the letter. Bob seconded the motion. The motion carried. Vote 3-0.
