The Board discussed the estimate by the Western Maryland Railway Company for the proposed removal of the embankment at the Daron & Pentland Roads and Western Maryland Railway crossing. The estimate was much more than anticipated and the Board feels that this work would benefit the railroad as well as the township as far as protection is concerned. Larry Luckenbaugh made a motion that the secretary write a letter to the Chessie System stating that the Township would pay excavation costs for this work if the Railroad Co. would agree to move and replace the pole line work. Also, the Township would give some of the ground removed to the railroad company. Charles Wehrly seconded this motion. The motion passed.

The secretary will send a letter to Mr. & Mrs. Charles Smith, stating that the work at the crossing is on hold, pending a compromise between the railroad company and the Township.

Larry Luckenbaugh made a motion to appoint Leland Snyder to another three-year term on the Township Zoning Hearing Board. Charles Wehrly seconded this motion. This motion passed. Mr. Snyder's new term will run from January 1, 1983 to December 31, 1985.

The County Commissioners can apply for 80% Federal funding and the remaining 20% local share is to be funded through Liquid Fuels Tax monies.
