1. The Meeting was called to order by the Chairman, Lamar Glatfelter.
2. No action was taken on item 2.
3. The minutes of the previous meeting were approved as presented.
4. John Esh- Buffalo Valley Road (DG0033) Waiver Request for Land Development Plan

Chris Raubenstine presented on behalf of John Esh, seeking a waiver request for the formal land development plan for the addition of a structure to an existing pig farm in Buffalo Valley.

Reason: The expansion is primarily to meet updated square footage requirements per pig, ensuring better living conditions.

Key Point: The operation's Animal Equivalent Units (AEUs) will remain under the 300 threshold that would classify it as a Concentrated Animal Feeding Operation (CAFO).

Stormwater: A stormwater management plan will still be submitted. A management plan (from David Khan/Agronomics Plus) detailing manure management will also be forthcoming.

DECISION: Lamar Glatfelter made a motion which was seconded by Charlie VanScoyoc to approve the waiver for the formal land development plan requirement (Section 200-3). Motion Carried.

### 5. Stephen Stoltzfus Steltz Road Sawmill

regarding an ongoing legal matter concerning the transfer of a Development Right to the Bonair Road property (BH0070) from the Steltz Road property (AH0022F).

The Board previously indicated it would not simply allow the transfer as it violates the zoning ordinance. The sentiment was to recommend the party seek a variance through the Zoning Hearing Board (ZHB).

Stephen Stoltzfus argued against seeking a variance, suggesting the issue could be resolved via a sacrificial agreement/stipulation in the furtherance of resolving the litigation, as the only parties involved are the Township and Stoltzfus.

The Board reaffirmed its previous position: The matter requires the applicant to proceed via the Zoning Hearing Board for a variance. The Board stated it is inappropriate to waive requirements solely to resolve litigation.

6. Carolyn Bupp- Civic IQ Inc. Right to Know Request and PA HB 502 Gov Shapiro's "lightning Plan" would allow energy developers to bypass local zoning & permitting.

Carolyn Bupp raised Concern raised about proposed state legislation (Governor Shapiro) that might override local ordinances regarding data centers.

Recommendation: It was recommended that the Planning Commission examine sample legislation (via PA State Association of Townships - PSASTs) and proactively investigate creating a zoning ordinance amendment—potentially placing data centers and battery storage into a Commercial District, possibly as a special exception.

## 7. Consideration and Approval of 2025 Fire Relief Distribution

Codorus Township receives Fire Relief Funds from Pennsylvania to be distributed to the Pennsylvania Fire Companies. The total received was \$30,246, an increase of approximately \$1,500.
